

Who We Are

The Colorado Clean Water Coalition is a bipartisan coalition of Municipal, County, Business and Special District stakeholders that strongly support the goals of the Clean Water Act and demonstrate a strong and unwavering commitment to water quality and environmental stewardship in Colorado.

We represent more than 4 million Colorado residents, as well as members from business and industry - all united to advocate for the Goals of the Coalition.

Coalition Goals

- Monitor for, review, and respond to proposed or promulgated environmental, water, and stormwater regulation(s). When necessary, the Coalition will offer alternatives to proposed regulation(s) that may include cost-benefit studies;
- Advocate for and support regulatory partnerships to ensure present and future regulations include public, State and local government input; provide flexibility to incorporate geographically-specific and cost effective requirements with the intent of protecting our nation's water resources;
- Ongoing pursuit of mutually beneficial technical solutions in support of the Coalition.
